Fix Timeline to Resolve Public Grievances, FM Tells CBDT

Personal income tax to GDP ratio up to 2.94% in FY22 from 2.11% in FY15

Our Bureau

New Delhi: Finance Minister Nirmala Sitharaman has asked the Central Board of Direct Taxes (CBDT) to fix a timeframe for the resolution of taxpayers' grievance and also asked to take prompt action in disciplinary cases against tax officers and other employees.

In a periodic review meeting with CBDT here Tuesday, Sitharaman also discussed measures to widen the taxpayer base and disposal of applications for condonation of delay and grant of exemptions under certain sections of the Income Tax Act.

In a presentation made before the finance minister, the Board said that personal income tax as a percentage of GDP had gone up to 2.94% in 2021-22 from 2.11% in 2014-15, the finance ministry said.

Introduction of new data sources in Statement of Financial Transactions (SFT) like dividend and interest; securities; mutual funds and information from GSTN in recent years has led to 1,118% rise in reported information. This has resulted in addition of information on about 3 crore persons, a finance ministry statement said. Also, introduction of new tax deducted at source (TDS) codes, which have almost doubled from 36 to 65 in last eight years, led to increase in total reported transaction in FY22 to 144 crore against 70 crore in FY16. The number of unique deductees went up to 9.2 crore in FY22, from 4.8 crore in FY16.

During the meeting, which was attended by revenue secretary Sanjay Malhotra and CBDT chairman Nitin Gupta, FM exhorted CBDT to strengthen its efforts to increase tax payers' awareness regarding the provisions of the direct tax laws and compliance, the ministry said.

PSU General Insurers May Monetise Realty Assets

POSSIBLE FUNDING CRUNCH With govt making future capital infusion conditional, cos working on 5-pronged strategy to push profits

Banikankar Pattanayak & Dheeraj Tiwari

New Delhi: Capital-starved state-run general insurance firms are eyeing monetisation of their real estate assets with the government making a future capital infusion conditional. Capital infusion by the government is contingent to their performance on monetisation and other financial and operational parameters, said officials aware of the matter.

The monetisation of commercial and residential real estate asset is part of a five-pronged strategy being worked out by the insurers—which also includes further expansion of their motor and health portfolios and upgrade of risk management systems—to improve their profits and solvency ratio, a senior finance ministry official told ET.

The insurers—National Insurance Company, United India Insurance, Oriental Insurance Company and New India Assurance Company—are also firming up plans for expeditious settlement of third-party motor claims, said the official. Moreover, they have stepped up efforts to further improve risk management practices and also upgrade IT systems so as to offer best-in-class services to customers. The government is considering a further infusion of ₹3,000 crore in FY24, subject to the insurers' ability to act on the reforms agenda, he added.

Last year, the finance ministry had asked the insurers to set up a property review panel to ensure registration of property and keep copies of the title deeds at a centralised place in their head offices.

"That exercise has been completed. Now we will be exploring all possibilities," said a senior executive with Oriental Insurance.

The insurers—National Insurance Company, United India Insurance, Oriental Insurance Company and New India Assurance Company—are also firming up plans for expeditious settlement of third-party motor claims, said the official. Moreover, they have stepped up efforts to further improve risk management practices and also upgrade IT systems so as to offer best-in-class services to customers. The government is considering a further infusion of ₹3,000 crore in FY24, subject to the insurers' ability to act on the reforms agenda, he added.

Last year, the finance ministry had asked the insurers to set up a property review panel to ensure registration of property and keep copies of the title deeds at a centralised place in their head offices.

"That exercise has been completed. Now we will be exploring all possibilities," said a senior executive with Oriental Insurance.

To improve their solvency, the government had infused ₹5,000 crore into the three general insurers in FY21. National had received ₹3,700 crore, Oriental ₹1,200 crore and United India ₹100 crore.

The solvency ratio of the four general insurers—barring New India Assurance—has remained well below the regulatory requirement, thanks to a rise in their underwriting losses and elevated claims in recent years. As per rules, insurers must maintain a minimum solvency ratio of 1.5—or 150% in terms of solvency margin.

The solvency margin is the additional capital the insurers must maintain over and above the claim amounts they are likely to incur. Good solvency margins enable insurers to settle all claims even in times of financial adversity.

While National Insurance had recorded a loss of ₹1,657 crore in FY22, Oriental's losses hit ₹3,115 crore and United India's ₹2,136 crore. New India Assurance Company, the only state-run general insurer to have been listed, had witnessed a net profit of ₹164 crore in FY22.

The government has already notified the General Insurance Business (Nationalization) Amendment Act, which will allow the government to cut its stake in state-owned general insurers to below 51%.

It's yet to announce the name of the entity to be taken up for privatisation, although NITI Aayog is said to have recommended United India Insurance to the core group of secretaries on disinvestment headed by the cabinet secretary.

High Balance Bank Accounts Without Updated KYC Details Under the Lens

HNIs, societies, associations, trusts, clubs on the radar

Dheeraj.Tiwari@timesgroup.com

New Delhi: The government and the banking sector regulator are looking into operative accounts with significant balances that have not updated their know your customer (KYC) details.

The exercise seeks to know if these accounts carry any risks.

Some of those on the radar include trusts, associations, societies and clubs, as well as high-net-worth individuals (HNIs).

"The issue was flagged after some transactions from a few accounts came under scrutiny and it was found that their KYC was not updated," said an official aware of the matter.

A senior bank executive confirmed that the Reserve Bank of India (RBI) has directed banks to complete the periodic update of KYC for all customers with operative accounts by June 2023.

"Due to Covid, RBI had stopped lenders

High risk accounts which have not updated KYC under scanner. These include operative accounts of trusts, associations and HNIs.

RBI directs banks to complete update by June. Banks seek more clarity from RBI on freezing such accounts.

RBI has given relaxation till March 2023 on account of Covid.

from freezing non-KYC compliant accounts till March 2023, but some of these accounts have not updated their KYC despite repeated requests," the official said.

Another bank executive said there is a lack of clarity on whether lenders can partially freeze such accounts on their own.

"We will now seek clarity from the RBI on the matter and whether banks can have a board-approved policy for freezing such accounts where update of KYC has been pending," he added.

In her FY24 budget speech, finance minister Nirmala Sitharaman proposed to simplify the KYC procedure by adopting a 'risk-based' approach.

Sitharaman had said that financial sector regulators will also be encouraged to have a KYC system fully amenable to meeting the needs of Digital India.

Banks are also in discussion with the regulator to further strengthen the central KYC format to avoid multiple accounts in the banking system with different identifications.

The government is working on amendments to the Banking Regulation Act, the Banking Companies Act and the Reserve Bank of India Act to improve bank governance and enhance investor protection.

Remove Ecomm Cos that Don't Bring their Main Platform on ONDC: Goyal

Our Bureau

New Delhi: Commerce and industry minister Piyush Goyal on Tuesday said that Open Network for Digital Commerce (ONDC) should remove those e-commerce platforms which do not bring their main platform onto the network.

"I have told ONDC to exclude those e-commerce platforms which are not coming to the network with their main platforms. Some are building ONDC-specific platforms. That's not our aim," Goyal said at ONDC's Enabling Bharat 2.0 event.

He also said ONDC could look at issuing a deadline for companies to join in the platform. "At some stage, you can look at excluding all those who don't come to ONDC up to a certain deadline because at some stage we will have to cut off all those who remain left behind."

He also said that the government coming out with an e-commerce policy through which it is trying to stop the consumers getting cheated by being made to buy from preferred sellers during flash sales.

"A few days ago, there was a company that had created an ONDC-specific platform. That's exactly what we don't want to happen. Be on ONDC through your main platform," Goyal said.

Earlier this month, Walmart-owned PhonePe forayed into commerce with a separate app, 'Pincode' that works through the ONDC network.

Referring to T Koshy, CEO, ONDC, he said: "Don't get carried

away. Koshy. If someone says we're building a platform for you, throw them out of the system."

He said India was grappling with the problems arising out of big tech in the e-commerce space, which may pose a threat to small retailers across the country. "It might not be tomorrow...one can say 3-4% of retail-only e-commerce now, but we have a long-term vision," Goyal said.

The minister also invited all big and small retailers to join the network as it would help in creating huge opportunities for everybody.

The platform, which has onboarded 84,000 sellers, has been touted as a unified payments interface-type protocol that would dematerialise the e-commerce businesses by onboarding small retailers in the country. "The

Walmarts and Flipkarts of the world the 'Fatas, and Reliances of the world, everybody has a role in making ONDC a success. So, we would like to invite everybody to be part of this journey in a free and fair manner and nobody will be discriminated against. It is open to all. ONDC is open for business," Goyal said.

The industry ministry and the consumer affairs ministry are working together to ensure that the grievances are addressed, said the minister.

A few days ago, there was a company that had created an ONDC-specific platform. That's exactly what we don't want to happen. Be on ONDC through your main platform

	12.23	14.91	0.88
	13.10	15.43	0.68

Notes: EPF data shows net additions to payrolls which includes new additions and rejoinings; ESIC and NPS data only pertains to new joinings

Our Bureau

New Delhi: Formal job creation showed a mixed performance in February, official data showed on Tuesday.

While net additions to the Employees' Provident Fund Organisation increased, new subscriptions to the Employees' State Insurance Corporation and National Pension Scheme declined.

Data released by the ministry of statistics and programme implementation showed that sequentially 7.46% more subscribers were added to the EPF payroll.

The number of new subscribers to the NPS scheme declined to 55,890 in February from 59,292 in the previous month.

The number of new jobs added to ESIC declined for a third straight month to 1.23 million in February from 1.25 million in January.

MORE JOBS AS ECONOMY RECOVERS

However, despite the February decline formal job addition in 2022-23 to the ESIC, which is applicable to people earning less than ₹21,000 per month, has exceeded 2021-22 numbers. The new jobs added to the ESIC numbered 15.43 million in 2022-23 (until February) compared with 14.91 million in 2021-22.

The net job creation at the EPF scheme has also exceeded its 2021-22 numbers, as the country added 13.1 million jobs in 2022-23, up 7% from 2021-22.

The subscriptions to NPS have remained subdued and will be 16% lower than the previous year. In the case of EPF scheme, the increase has come on account of re-subscriptions. An ET analysis found that the number of new joinings to the EPF payroll was far lower than the people who re-joined and re-subscribed to the scheme.

ECOMMERCE POLICY, PREDATORY PRICING

Goyal also said the government is not concerned about flash sales on online platforms but is against predatory pricing and other cheating methods used by e-retailers to restrict consumer choices. "Why should I complain if somebody wants to give a discount... Consumers are getting a good deal, we have no problem," Goyal said.

नई दिल्ली : समलैंगिक शादी को मंजूरी देने के लिए दाखिल याचिका पर मंगलवार को सुप्रीम कोर्ट में हुई सुनवाई में इस बात को लेकर काफी दलीलें दी गईं कि इस मामले को संसद को देना चाहिए या कोर्ट को। याचिका पक्ष के वकीलों का कहना था कि इतने दशकों से सरकार इस मामले पर चुप है, ऐसे में अदालत को आगे आना होगा। वहीं सुप्रीम कोर्ट ने भी याचिका पक्ष से सवाल किया कि शादी, तलाक जैसे मुद्दे पर कानून बनाने का हक संसद को है, फिर कोर्ट इस मामले में किस हद तक जा सकता है। बता दें कि केंद्र सरकार भी दलीलें दे चुकी हैं कि विवाह को मान्यता देना अनिवार्य रूप से एक विधायी कार्य है। मंगलवार को कोर्ट में हुई सुनवाई की खस बातें :

चीफ जस्टिस : स्पेशल मैरिज ऐक्ट धर्मनिरपेक्षता की बात करता है। यानी किसी भी धर्म के बालिग जो शादी करने की योग्यता रखते हैं, वह मेल व फ्रीमेल शादी कर सकते हैं। लेकिन स्पेशल मैरिज ऐक्ट की धारा-21 (ए) कहती है कि शादी के अन्य मसले पर्सनल लॉ से गाइड होंगे। यानी स्पेशल मैरिज ऐक्ट और पर्सनल लॉ आपस में लिंक हैं और इस बात से मना नहीं किया जा सकता है।

नई दिल्ली : पानी की कमी को देखते हुए शहरों के लिए पानी को शुद्ध करना जरूरी बन गया है। ऐसे में स्वच्छ भारत मिशन शहरी के तहत अब शहरों से निकलने वाले इस्तेमाल किए जा चुके पानी को महत्व दिया जा रहा है। सरकार की योजना है कि शहरों में उपयोग में लाए जा चुके पानी को विभिन्न कामों के लिए एकत्रित, रिसाइकल और रीच्यु किया जा सके। आवास और शहरी कार्य मंत्रालय के प्रवक्ता राजीव जैन ने बताया कि स्वच्छ भारत मिशन शहरी 2.0 के तहत छोटे शहरों में 4,900 एमएलडी क्षमता वाले ट्रीटमेंट प्लांट के लिए 11,785 करोड़ रुपये की परिचयनाएं मंजूर की गई हैं। इससे छोटे शहरों में जल प्रबंधन की दिशा में महत्वपूर्ण कदम उठाए जा सकेंगे। उन्होंने कहा कि सरकार का लक्ष्य है कि शहर के सीवेज या इस्तेमाल हो चुके पानी को जलसंधारण में न छोड़कर पर्यावरण का ख्याल रखा जाए। घरो और औद्योगिक इकाइयों से निकलने वाले पानी को ट्रीट किया जाए और उसके बाद ही जलसंधारण में छोड़ा जाए।

इंदौर, चंडीगढ़ जैसे शहर दिखा रहे राह : केंद्रीय आवास मंत्रालय के प्रवक्ता राजीव जैन बताते हैं कि शहरों में जल प्रबंधन को लेकर किए जा रहे उपायों से कई शहर अब वॉटर प्लस प्रमाणित शहरों की श्रेणी में हैं, जो दूसरे शहरों को इस्तेमाल किए हुए पानी का तेजी से प्रबंधन करने की राह दिखा रहे हैं। नई दिल्ली नगरपालिका परिषद (एनडीएमसी), इंदौर, सूरत, तिरुपति, चंडीगढ़, नवी मुंबई, विजयवाड़ा, हैदराबाद, ग्रेटर विशाखापट्टनम, कराड, पंचमनी, भीपाल, बारामती और मैसूर सभी वॉटर प्लस प्रमाणित शहर हैं। ये शहर न केवल उपयोग किए गए पानी को इकट्ठा करने और सुरक्षित रूप से ट्रीट करने में सक्षम हैं, बल्कि ट्रीट किए गए पानी को रीच्यु भी किया जा रहा है।
